## OTROS DATOS

Scope is a LED luminaire for suspended or surface applications. Formally designed as a vertical cylinder, it stands out for the purity and simplicity of its lines. Its sunken LED light source, its small-sized reflector and its interior matt shade -in different colours- offer great visual comfort and an elegant decorative effect.

Wire Trimless Accessory is a collection of accessories for fitting tensioners and cables to Arkoslight luminaires suspended directly from the ceiling with any visible ceiling rose or fixings. This achieves a minimalist application with a visually tidy finish.

With Wire Trimless Accessory the items adjacent to the ceiling of the standard product (ceiling roses, fixings, driver boxes, etc.) are concealed by a simple recessed application.

Wire Trimless Accessory reduces the visual impact of the installation leading to extremely minimalist aesthetics. The wires come out of the ceiling material as a part of the structure. This detail creates a much purer, more essential layout, particular when several luminaires are fitted in an arrangement.
