Top Fancy Shape è un piccolo downlight che può essere distribuito liberamente in tutto lo spazio disegnando tracciati che partono da una base di superficie. Top Fancy Shape è l'unica lampada sul mercato che consente di configurare un impianto di illuminazione completo da un unico punto nelle progettazioni d'interni in cui l'incasso non è possibile. Il cavo scorre sul soffitto o sulla parete tramite piccoli pistoni che fungono da vertici nella geometria del percorso. La disposizione di questi punti è assolutamente libera e progettata dall'utente.
