Designed by Mario Ruiz (National Design Award 2016), Enso joins the collection as a bedside luminaire, providing focused and comfortable lighting for reading in bedrooms and rest areas. With discreet lighting along its vertical axis and directed light that avoids glare, it combines function and form to integrate harmoniously into the space. With a monolithic silhouette and a distinctive beveled profile, Enso is available in two installation modes: recessed or semi-recessed. Its light source can rotate 360°, while the 2700K color temperature prioritizes warmth and relaxation.
